Meander

Large, modern and fitted with the latest in air conditioning technologies. In 2012, construction work got underway on a new world class hospital on Maatweg in the Dutch city of Amersfoort. The building has since been handed over, and patients can now be better accommodated than at the old sites in Amersfoort.

Факти за проекта:

Location	Завършване
Amersfoort, Netherlands	2013
Тип сграда	Product systems
Municipal	Лъчисто отопление и охлаждане
Адрес	Тип на проекта
Meander Medical Centre	Нова сграда

Installatietechniek

was made to build a new one. The new-build site replaces the old sites and houses the latest technology. This will once again enable the hospital to go on far into the future. Using techniques including concrete core activation a pleasant, comfortable and healthy living environment is being created for both patients and staff. Patient welfare, after all, is not dependent on doctors alone, but also on the environment.
