Reconstruction of the office building of the Pharmaceutical Company "Darnitsa"

In 2020, the office building of the Pharmaceutical Company "Darnitsa" was reconstructed. Uponor products were chosen to install in order to create heating system of the building.

Projektová fakta:

Location	Dokončení	
Kyiv, Ukraine	2021	
Typ budovy	Product systems	Počet podlaží
Kancelářské budovy	PE-Xa připojení otopných těles a instalace rozvodů vody, Připojení radiátorů	6
Adresa	Typ projektu	
13, Boryspilska St., Kyiv, Ukraine	Renovation	

Partneři

Installation of engineering systems at the site was carried out by the Holding Company "Energomontazhventilyatsiya". This company operates on the Ukrainian market more than 30 years and is a long-standing partner of Uponor. More than 2,500 m of Uponor Radi Pipe were installed by qualified specialists of the company, what allowed to create reliable system for office workers comfort.

Most employees spend at least 8 hours per day in office buildings. It is why the main task while the reconstruction was to provide a productive work environment for company employees and their guests.

As the Pharmaceutical company Darnitsa has high requirements for the standards of working conditions for its office workers, the basis of the engineering solution was to organize an efficient heating system in the office building.

Riser systems, heating lines and radiator connections were made with Uponor products, which became an effective solution to meet the objectively high requirements of the customer, because:

- All Uponor products have certificates of conformity and environmental friendliness in most countries of the world.
- Uponor pipes are resistant to thermal loads, mechanical impacts and alkaline environments, which allows to create reliable systems that will work for decades.
- Uponor's versatile solutions significantly speed up and simplify the installation and testing of ready-made systems, minimizing time and money.
- A wide range of products allows you to provide effective system solutions for any engineering system.
