

# How to Download Uponor LoopCAD® and Access Discount Code

Design professional-quality hydronic radiant heating or snow and ice melting systems with the Uponor LoopCAD® software program.

Benefit from Uponor's design methods and materials already loaded into the software, plus receive 20% off when you purchase a full subscription!

- › Easily create new designs or import existing drawings
- › Increase system efficiencies and performance with automated heat-loss calculations
- › Quickly generate loop layouts
- › Export design data and material lists to Excels

## Download Uponor LoopCAD

1. Download the program preloaded with Uponor products and systems. Visit the appropriate site and click "Download LoopCAD".
  - For U.S., visit [uponor.com/en-us/residential-solutions/loopcad](https://www.uponor.com/en-us/residential-solutions/loopcad)
  - For Canada, visit [uponor.com/en-ca/residential-solutions/loopcad](https://www.uponor.com/en-ca/residential-solutions/loopcad)
2. On the Avenir site, select "**Download now!**"
3. Complete the fields on the screen, check the consent box, and click the **Download now** button.

## Purchase a Subscription with 20% off

Refer to the following steps to activate your LoopCAD license along with a discount promo code.

1. Go to [avenir-online.com](https://www.avenir-online.com) and select "**Activation**" in the menu at the top of the screen.
2. From the Product Activation screen, make your selection and click **Continue**.
3. On the Product Details page, select the **Edition** (MJ8, Professional, or Standard).
4. In the Discount Code field, enter **LC2UP-LKF-54837**
5. Click **Continue**, and follow the remaining steps to complete the purchase.
