Product covered by the certificate

Type of product Plaströrssystem med nedstignings- och inspektionsbrunnar under trafiklast och vid stora läggningsdjup. Omjukgjord polyvinylklorid (PVC-U), polypropen (PP) och polyeten (PE).	Standard Normative document EN 13598-2	Specific rules SBC 13598-2
Specification of product Uponor brunnssystem enligt bilaga 1. Godkända tätningringar och råmaterial enligt bilaga 2 (konfidentiell).		

The certificate holder above is hereby given permission to use the INSTA-CERT mark on or in connection with products, which fulfil the requirements of the standard or the normative document specified above (what is said in this document about INSTA-CERT mark will also be valid for marks defined in relevant SBC). The certificate is valid on the condition that the certificate holder complies with "General rules for certification by partners of INSTA-CERT" (GRC) and the specific rules applying to certification of products of the type mentioned. The certificate holder is obliged to indemnify INSTA-CERT partners of any claim for damages or any other expenses to which partners may become liable as a result of injuries caused by a product manufactured or sold by the certificate holder. This also applies to defective or faulty products.

Unless terminated, the certificate will be automatically extended for one year at a time. The certificate will be re-issued with a new "date of valid edition" only if the content and/or conditions of the certificate have been changed. Termination may take place to the end of a year subject to three months' notice on the part of the certificate holder and the certification body. The certificate is not transferable.
