

Uponor AquaPEX® White with Red and Blue Print Pipe

Uponor AquaPEX® White with Red and Blue Print offers the same trusted, reliable solution that industry professionals have depended on for decades with Uponor AquaPEX White pipe, with an added benefit of red and blue print to differentiate between hot and cold potable-plumbing lines.

Product Features

- › Engel-method PEX—a pipe for the greatest flexibility and durability
- › Same temperature and pressure ratings as all Uponor AquaPEX pipe
- › Meets IPC, UPC, and IRC codes for domestic-water plumbing applications
- › Meets IPC and IRC requirements for water service (does not carry the UPC requirement of an AWWA C904 listing)
- › Listed to NSF 14 and 61 for health effects
- › Proven by Plastics Pipe Institute (PPI) Technical Report TR-52 for exceptional resiliency in freeze/thaw cycles
- › Approved for use in commercial high-rise construction and return-air plenums
- › Approved for residential potable plumbing (not approved for fire sprinkler systems)
- › One-month UV resistance
- › Compatible with ProPEX® ASTM F1960, ASTM F2080 compression, and F1807 crimp connections
- › Backed by a 25-year transferable limited warranty when combined with ProPEX fittings
