

## UPONOR WATER SERVICE SOLUTIONS

# Safe, Healthy Water Inside and Out

With 17 billion feet of pipe installed worldwide, Uponor water service solutions provide your homes with decades of reliable service.

From the street to the home, the Uponor AquaPEX® system you trust for your plumbing can be used for water service pipe into the home, as well.

## A System Top Builders Around the Country Trust

- Meets the International Plumbing Code (IPC) requirements for water service
- Holds the highest chlorine resistance rating per ASTM F2023
- Strong, durable ProPEX® fittings offer reliable, solid connections for a system you and your customers can count on
- Pipe and fittings available in sizes up to 1" to meet residential applications
- Nationwide network of distribution and technical support to keep your projects on schedule and your customers satisfied

## UPONOR AQUAPEX SYSTEM PIPE AND FITTINGS

➤ Learn more about how Uponor can help drive your business forward at [uponor.com](https://www.uponor.com).

### Healthier Homes

Proven by Plastics Pipe Institute (PPI) Technical Report TR-52 for exceptional resiliency in freeze/thaw cycles, providing peace of mind regarding mold and water damage.

### Safer Drinking Water

Unlike metallic piping, Uponor AquaPEX pipe boasts an NSF rating to retain the quality of water from its source.

### Dependable Performance

Highest crosslinking versus other polymer piping means no micro-cracking in the system for a dependable piping product you and your customers can trust.

### Confident Quality

25-year transferable limited warranty ensures the Uponor solutions in your homes are made to last, keeping your reputation solid.
