Inspecta Sertifiointi Oy grants the licensee above a licence to use certification marks as stated in this licence in connection with those products that fulfill the requirements of the standards above.

The licence is valid on the condition that the licensee complies with the general rules of Product Certification as well as the special rules concerning the product in question.

The licensee is responsible to indemnify Inspecta Sertifiointi Oy for any claims for damages or any other expenses for which Inspecta Sertifiointi Oy might become liable due to damages caused by a certified product manufactured or sold by the licensee including deficiencies or defects in the product.

The certificate is valid on the time being on condition that all requirements of certification are continuously fulfilled. Valid licences are found on our web site: www.inspecta.fi.

The licence is not transferable.
