Infinity Forest Residence

Infinity Forest Residence

Accessible and surrounded by nature, the site is surrounded by fresh mountain air, generous sun, surrounded by rich forest and park vegetation.

The key words are the basis of the philosophy for the construction of Infinity Forest Residence: practicality, efficiency, spaciousness, freedom and healthy living.

Infinity Forest Residence was created with the concept of a quality and peaceful life in a picturesque forest with fresh air, on a total area of 100,000 square meters, of which 70,000 square meters are green areas.

We live in a world where silence has become a luxury, and noise is almost ubiquitous, the comfort that nature gives us is increasingly difficult to access, and fresh air is a real treasure.

All houses are built to the highest standard and with the best quality materials.

UPONOR systems for underfloor heating and cooling, plumbing and drainage contribute to comfort and a comparable quality of life!
